Ellinwood Resigns; Leaves Hermon Staff

Although known for sometime, announcement is made of the resignation of Prof. Leonard W. Ellinwood of Mount Hermon School at the close of the school year just ended. Prof. Ellinwood came to Hermon in 1927 and made many friends among the people of Northfield and vicinity and was popular with the students. He has often appeared with the members of the Hermon Band in the various churches of this vicinity to assist in musicals and concerts. He left Northfield last week for Rochester, N. Y., where he will study at the Eastman School of Music for a "Ph. D." Mr. Ellinwood is a native of Thomaston, Conn., and studied philosophy at Aurora College, graduating in 1926 and attended Columbia Conservatory in 1926. He was instrumental supervisor at West High School, Aurora, Ill., from 1927 to 1929 when he accepted the position at Hermon to establish a band and an orchestra. In addition he had charge of the London House with sixteen boys and also taught mathematics. Mrs. Ellinwood has had charge of the Study Hall in the Recitation building. She is a native of Lafarge, Wisconsin and is also a graduate of Aurora College. They have one child John. Mr. Ellinwood goes to Kingston, N. Y., to put his large cabin motor boat in the water and with a friend will sail up the Hudson and through the Barge Canal to Rochester where he has secured an anchorage in Genesee Valley Park and with his family will live on the boat this summer. Mrs. Ellinwood will drive by motor with her son to join Mr. Ellinwood.

Rodeo At Springfield At Coming Exposition

Innovations in the outdoor program for the Eastern States Exposition from September 17 to 23 and the introduction into the East of a World's Champion Stampede and Rodeo are announced by Joshua L. Brooks, the president of the Exposition.

All the romance and color of the West, the glamour of the plains and thrills of cowboy sports and sportsmanship will be brought into New England for the first time in the stampede and rodeo. World's champion cowboys and cowgirls will compete for new honors, new records and valuable prizes offered by the Exposition management. From Monday to Saturday of Exposition week, every afternoon and evening, "top hands" of the great cattle country that stretches from the Mexican border into the Canadian Northwest will meet in a series of contests providing something distinctly new for Eastern audiences.

At least 150 individual entries including the most famous riders and characters of the West are expected. To produce the stampede more than 300 head of stock will be required—horses, Mexican long horn steers, giant Brahmas from Texas and fleet, husky calves from the Wyoming ranges. The greatest string of bucking bronchos ever seen East of the Mississippi will test the skill and ability of the most daring bronco busters. The stampede and rodeo will feature the sports, competition and play of the cowboy gathered after a summer on the open plains for the annual season's round-up.

Events planned for the program include trick and fancy roping and riding, chuck wagon races, saddle and bareback bronco riding, steer bulldozing, old-time quadrilles by cowboys and cowgirls and dances, lasso contests, Roman and dances, lasso contests, Roman and standing races, in fact, a general round-up in true Western fashion with all the color that has made Western stampedes and rodeos the last word in thrills and action.

Livestock will be penned in true plains fashion in corrals in the race track infield which will be converted into a typical Western cow camp with a forest of pine trees as a background. An Indian village, a row of saddling chutes, parked chuck wagons and a picket line will add to the realism of the picture.

The afternoon and evening contests will take place on the Exposition race track, with track, grandstand and approaches floodlighted for the evening performances. Music will be provided by the same Texas cowboy band that paraded with the Lone Star state delegation down Pennsylvania Avenue for the Roosevelt inauguration. Judges and timers will include experienced Western rodeo officials.

Haigis Not Interested

Since former Governor Fuller threw his hat into the ring for the Republican nomination for the Governor at the 1934 Republican State Primaries, many folks are asking that Mr. John W. Haigis of Greenfield should state his candidacy. It is expected that Lieut. Governor Gaspar Bacon will be a candidate. However, to all urging Mr. Haigis responds by saying that he has given no consideration to the matter.

It is believed that Mr. Haigis would prove a popular candidate and his friends who are legion would stand by for him. A member of the Northfield Republican Town Committee says that if Haigis would run, he would find Northfield very loyal to his candidacy.

Local Young Lady Starts Art School

If contemplated plans carry, Northfield is to have a new school for Art Students for the summer to be conducted by Miss Virginia Ida Hoelzer a former student of Northfield Seminary and of Northfield High. Miss Hoelzer received her education in Art at the Pennsylvania Museum School at Philadelphia, the Chicago Art Institute at Chicago and was a pupil of George B. Bridgman.

Miss Hoelzer is a member of the Art Students League of New York City and has been accepted to enter the Department of Fine Arts at Yale University this fall.

Miss Hoelzer started her class last summer in an informal way and it was very successful. The large room in the Proctor Block formerly used by the Northfield Press with large glass windows and proper exposure has been secured for studio purposes and here it is that the pupils will gather to take their elementary lessons in painting and to start their career as student artists.

God of Our Fathers; God is a such a proposition and her citizens will welcome and encourage the school. Miss Hoelzer deserves to be congratulated for her enterprise and everyone will wish her abundant success in the undertaking.

To Cross Continent In Their Automobile

Mrs. C. H. Webster and her daughter Miss Marion Webster will leave Northfield early this Friday morning for a trip across the country by automobile to Los Angeles California.

They have routed their journey, in easy stages, by way of the Mohawk Trail west to Buffalo, Cleveland and Chicago, and will visit the Century of Progress exhibition while there. From there they will go to Omaha, Cheyenne, Salt Lake City, and by way of Arrowhead Trail to Los Angeles where they will visit their relatives.

After a stay there they hope to take the coast drive northward to Seattle and return home by the northern route in September.

Deposits Of Reserve Bank Will Be Guaranteed Soon

With the passage of the Glass-Steagall bill at Washington last week the way is provided for the insurance of all bank deposits with balances under \$2500 in all member banks of the Federal Reserve system to be effective next January first. A new Bank corporation will be formed to arrange the matter consisting of three members the controller of the treasury and two others appointed by the President. An initial capitalization of \$150,000,000 was carried in the emergency appropriation bill signed by the President. In addition, it will receive about \$175,000,000 from the Federal Reserve banks and up to one-half of 1 per cent of the deposits in banks.

Altogether in cash and borrowing power, the corporation is expected to have total resources of about two billion dollars.

The Northfield National Bank is a member of the Federal Reserve system and its deposits will be guaranteed to its depositors.

Woods Fire

On Thursday afternoon of last week the fire department was called out to fight a woods fire on the mountain near Garnet Rock. The cause of the fire could not be ascertained. The smoke could be seen for some distance. The men under Chief Stearns carried up the hill the extinguishers and soon had the fire out. However at night fire was again discovered and another call was sent in but the efforts of the firemen were successful in stamping it out.

One theory is that the carelessness of someone with a lighted match or cigarette was responsible while some think it was the devilish prank of some of the town's brainless youth.

Thrifty Cannors

The Thrifty Cannors Lunch Club held their exhibit in the Grange Hall last Tuesday. The exhibit consisted of a packed lunch ready to carry to school. A summary of the club work was given and several songs were rendered for entertainment of the guests.

Miss Andrews awarded the following prizes: first prize, Ruth Wright and Doris Miller; second prize, Hope Hoelzer; third prize, Betty Hoelzer, and Elizabeth Miller.

Each member received a 4-H club pin to represent the number of years in club work.

A special prize was awarded Hope Hoelzer for the best Food Club and 4-H Spirit note book.

The club completed the year with every member completing the program and we were awarded our charter and a Gold Banner club seal.

The Thrifty Cannors Lunch club was a great success. They have earned enough money to send the members to camp lacking the small enrollment fee which their mothers will contribute. Mrs. Consett the leader desires to thank all for their contributions and interest in the club.

Thanks are due the Master and Northfield Grange for the use of the Hall for our meetings.

Graduation Exercises High School Students Class Of 1933

The Town Hall presented an animated sight Thursday evening when the Class of 1933 of the Northfield High School comprising thirteen students held their graduation exercises. It was the academic farewell to the local hall of learning and the step forward to face the outside world with great responsibilities and all its realities. Whether it means further education or not matters little, but it does mean buckling down to the serious business of life and the future. It is the hope of all citizens of Northfield that the education provided by them will be fully capitalized and appreciated. Promptly at eight o'clock the seniors marched into the hall and sang the song to "Our Old High." Rev. W. Stanley Carme pronounced the invocation. The High School orchestra played "The War March of the Priests" and then Dorothy Stone spoke of Class Landmarks. Laura Martineau spoke of "Women in Political Life" after which the Glee Club sang "On Venice Waters."

The address was given by Mr. Charles M. Gardner of Westfield, a leader in the work of the National Grange who gave much valuable advice and many words of encouragement to the young folks. After a selection "The Lost Chord" by the Glee Club Victor Vaughan who is the class president spoke of "The Development of the Orchestra." Principal Evelyn G. Lawley presented the prizes to the students.

Superintendent L. W. Robbins presented the diplomas to the graduates with well chosen words of commendation. After the orchestra had rendered the "March Militaire" and the chorus sang "Boosting" the benediction was pronounced by Rev. Mr. Carme. Seated on the stage were members of the school committee with the speaker and officials.

The members of the graduating class were as follows: Victor Lee Vaughn, accorded High Honor; Laura Elsie Martineau; Dorothy Virginia Stone; Josephine Kathleen Bartus; Harold Arnold Briemaster; Natalie Lucille Briemaster; Clayton Howard Glazier; Christine Rosella Gray; Virginia Marie Mann; Grace Elizabeth McGowan; Norman Raymond Miller; Catherine Cecelia Sazawa; Robert Browning Shearer.

The Estey Organ Company of Burlington has adjudged the Estey Organ Company of Brattleboro as bankrupt upon a voluntary petition filed with the clerk of the federal court. The case was referred to John E. Gale of Brattleboro, referee in bankruptcy.

The concern is in the hands of receivers, Frederick T. Fisher of New Canaan, Ct., and John E. Woodside of Arlington, Mass., who were appointed in February by Judge John S. Buttes, as chancellor of the Windham county court of Chancery.

In the petition for receivers it was stated that the Organ Company was indebted in the sum of \$49,737.68 to the Vermont People's National Bank, by whom the petition for a receivership was made. The petition also stated that the company was indebted to other individuals and corporations \$100,000 or more, but that the concern has assets of upward \$600,000 and that a re-organization of the company was planned.

Much Taxes Unpaid

Commissioner of Corporations and Taxes Henry F. Long has announced that an analysis of tax collections indicated that the 355 cities and towns in the commonwealth were making heroic efforts to pay up their debts while cutting government costs to the limit.

In the entire state there remain only \$66,810,420 in uncollected taxes of May 1. In the four-year period from 1928 to 1932 direct taxes amounted to \$1,088,472,046. Until Jan. 1, 1933, only 8.21 per cent of this amount was uncollected. From Jan. 1 to May 1, this figure was cut to 6.14 per cent, a remarkable record. Long point out, considering the times.

The direct tax for 1932 was \$236,043,773, a figure which Long said would probably not be exceeded for a generation due to the fact that municipalities are intent on reducing expenditures to a minimum.

The amount of taxes collected for 1932 has not been computed for the entire state, and figures are based on a four-year period due to the fact that taxes uncollected in one year run into the figures of the following year.

"When Ladies Meet"

This sparkling new film will be shown at the Latchis Theatre, Brattleboro, Vermont, Monday, Tuesday and Wednesday, June 26-27-28. Ann Harding and Robert Montgomery are co-starred in one of the most unusual stories on the screen in many months.

Adapted from the Rachel Crothers play that played Broadway this season, the new Metro-Goldwyn-Mayer picture is crammed full of situations and dialogue that afford the important personages in the cast to make the most of it. Miss Harding is superb as the wife of a philandering husband and Montgomery scores anew as the newspaper reporter who finds his girl having a dangerous interest in the married man.

Myrna Loy is magnificent as the girl in the case and Alice Brady returns to films to win a new triumph in the comedy role of the merry widow hostess of a week-end party that winds up in fireworks. Frank Morgan is the husband and the cast includes Martin Burton and Luis Alberni. The settings are particularly impressive and the camera work is of the best.

Dave Cook connected with one of Dunberg's pitches for a steaming four bagger into deep right center field with two mates on the sacks.

Due to a game in Greenfield between the High School and the Alumnæ the Pastime A. C. was unable to appear as several of their players play on the Alumnæ Team. The summary follows:

Local 4-H Clubs Close Season's Work

The presentation of gold pins to Miss Esther Hale, Mrs. Russell Hale and Mr. Henry Johnson featured a combined meeting of the Northfield 4-H organizations, held Monday evening, June 19, at the Grange Hall. It also marked the conclusion of a very successful season for the various clubs.

Clarence Webber, president of the Everready Handicraft Club, acting as chairman, opened the meeting by reading the first verse of a poem, "The Everready Nine" written especially for the Northfield boys by Henry Johnson.

All the 4-H club members then gave the 4-H pledge. This was followed by the reports of the secretary, Walter Luciew, and the treasurer, Edward Luciew. After these were accepted, Robin Birdsall read the club creed and Calvin Field, the club service.

The first part of the meeting was concluded with a reading of the rest of the verses of the Handicraft poem.

Mr. Paul Alger of the County Extension Service then awarded a gold pin to Mr. Henry Johnson in recognition of the fine work carried on by him among the boys. Prizes were given the following for their excellent work on the recently completed tool chest. In the first year group, Calvin Field won first prize and William Dalton the second. Edward Luciew won first prize and Walter Luciew won first prize in the second year group.

Special praise was given Calvin Field for the work on his tool chest. Miss Andrews, also of the County Extension Service, gave out the prizes to the members of the two girls clubs, the Thrifty Canneries, and the Speedway Sewers. The former is under the supervision of Mrs. Jack Cossett while Mrs. Russell Hale has charge of the latter.

Additional pins were awarded by Miss Andrews to Mrs. Russell Hale, as leader for six years, and to Miss Esther Hale, a six year member.

A candle light service brought the meeting to a close. The following were members of the Handicraft Club for the past year: Robin Birdsall, James Callaghan, William Dalton, Calvin Field, Edward Luciew, Walter Luciew, Raymond Miller, Jack Polhemus, and Clarence Webber.

**Demand For Known Value
Brings Quality At Low Price**

"Bargain" Merchandise Doomed By Increasing Insistence on Quality

A new set of buying standards has been set up by the American public as a result of the last few years.

Today more time and thought are devoted to buying than ever before. Buyers ask themselves a totally new set of questions when contemplating a purchase. Instead of merely asking "Can I buy this article for less money elsewhere?" a whole flood of questions now enters the mind of the prospective purchaser. "Do I know that this article is of high quality? Will it give good service? What is it really worth to me? Would I rather have it than something else? Is the price fair for the quality I am getting?" There are numerous other questions, conscious or subconscious, that arise with each individual purchase.

In reality this means that the day of the "gyp" merchant and manufacturer is at an end. Progressive manufacturers, with reputations for quality and uniformity, are today ousting the makers of cheap and unsatisfactory merchandise, whose sole selling point was in price appeal. Forward-looking manufacturing concerns fully realize that to hold business, in such times as these, it is necessary not only to maintain quality but to bring prices within reach of present-day incomes.

This realization has made possible real values—combinations of high quality and fair price—in practically every line of merchandise. This trend, in the field of household commodities is exemplified by Ivory soap, which today is selling at the lowest price in seventeen years. While this is but one isolated example, it is typical of the real values obtainable in other fields.

Products of known quality are available today at the lowest prices in years due, largely, to public insistence on high quality and a fair price. The new trend to quality is a sound one and is believed by many to be a heartening sign for the future of American business.

Local Young Men
Graduate From Wheaton

Three local young men graduated from Wheaton College Academy June 12th. The Commencement exercises of the Academy were held in the College Chapel. The program consisted of musical numbers and speeches from various members of the class. The main address, however, was given by Dr. Carey S. Thomas of Altoona, Pennsylvania. After the charge to the Senior Class by President J. Oliver Buswell, Jr., and presentation of awards and diplomas by Dean Edward R. Schell, the Senior Class marched out to the stately music of "Pomp and Circumstance."

The three young men who represent East Northfield are Mr. Richard Buffum of 185 Main street and Sidney and Laurence Marcy. They were outstanding students of the Academy, and were all members of the Kreitonian Literary Society. Peculiarly enough, all three were letter men in baseball here, and Mr. Buffum was the mainstay of the pitching staff of the Varsity Baseball team of '33. "Dick" was also a member of the victorious 1932 Tennis Squad which completed a very successful season, winning the Conference Championship. Mr. Buffum was awarded a medal for his ability at this sport.

The Marcy brothers, Sidney and Laurence, have worked the greater part of their way through school, at the same time maintaining a good scholastic average. Both were active in social affairs, and Sidney was the President of the Kreitonian Literary Society. Laurence participated in Interclass Debating last year and was on the winning team, which merited the engraving of his name on the George M. Bell Cup, which was the prize awarded the victorious team. Sidney has distinguished himself along cultural and religious lines.

EDITORIAL

For two successive months, according to a graph in the New York Times, the index of commodity prices has been moving upward without interruption.

The nation-wide policy of the moment is to raise prices to a more normal level and, by one means or another, keep them there.

Here are two facts that should interest every property owner, and every potential builder. They mean that present low prices are doomed; that we're going to pay more for what we buy—whether it's food and clothing, or a new house.

The wise citizen who possibly can, will spend now, when it will get him the largest dollar's worth he has ever known. And he will spend largely on property—improvement, where it will give him something of real and permanent value. There is hardly one of us who hasn't let his property slide a little the past few years. We have put off painting, repairing, installing labor-saving machinery in kitchen and laundry, building a new garage, overhauling the heating plant, repairing or replacing the roof, walks, fences, etc. But we have now reached the point where if we put it off any longer it will mean dollars out of our pocket.

And when we build and repair, we are doing our bit toward stimulating employment. Our dollars will pass through the hands of workers in a hundred industries. We are increasing purchasing power, and laying the groundwork for future prosperity for ourselves as well. Don't forget that investment and employment are cheaper than charity.

Do you know that, during depression, the electric and gas utilities have been one of the most stable of industries?

Do you know that their wage and employment levels have been closer to normal than any other comparable industry—that their tax payments to government, in a period of diminishing revenue, have been consistently high—that they have spent millions on new developments which have increased property values and provided thousands of men with livelihood?

Think these matters over. They may make you less eager to join the ranks of those who want to destroy the private utility industry at any cost.

IS NOT THIS WORTH PONDERING

An old Arab proverb runs as follows:

He who knows not and knows not that he knows not is a fool; shun him.

He who knows and knows not that he knows is asleep; wake him.

He who knows not and knows that he knows not is simple; teach him.

He who knows and knows that he knows is wise; follow him.

Important To Advertisers One Rate For All

Within a few weeks the Northfield Herald will announce a new advertising rate schedule based on the principle that space in a newspaper must bring in a just return that is equitable and fair to the publisher as well as to the advertiser and that shows no favoritism to any individual or corporation using its columns. In line with the opinion of managers of newspapers held recently at Denver, Col., there must be a simplification of rates and a general effort toward a one rate plan. The idea is taking root and spreading and the cost per inch for regular advertising will be at the one uniform rate. The Herald Classified rates will be two cents a word, minimum cost 25 cents single insertion.

PRAYERS OF STEEL

Lay me on an anvil, O God,
Beat me and hammer me into a crowbar.
Let me pry loose old walls;
Let me lift and loosen old foundations.

Lay me on an anvil, O God,
Beat me and hammer me into a steel spike.

Drive me into the girders that hold a skyscraper together.
Take red-hot rivets and fasten me into the central girders.
Let me be the great nail holding a skyscraper through blue nights into white stars.
Carl Sandburg

THE LAMP

If I can bear your love like a lamp before me,
When I go down the long steep Road to Darkness,
I shall not fear the everlasting shadows,
Nor cry in terror.

If I can find out God, then I shall sleep soundly,
Knowing how well on earth your love sufficed me,
A lamp in darkness.
Sara Teasdale

NOCTURNE

Let me grow tired as flowers grow tired.

Who spend their fragrance recklessly
For every vagrant fingertip,
And waste their substance on a bee.

Let me have need as stars have need
Of that deep-bosomed tranquil breast

Of night, to cool this fevered brow,
When I have given my trembling Dawn will break soon enough, and wings

From every hawthorn flash and start,
Now let us lie as hushed birds lie
Whom love keeps silent, heart to heart—

All things that shine and dance and bloom
And hurt their slender throats to sing,
Night waits in her dear darkling room,
Their tiredness is a lovely thing.

The Family Doctor Comes To His Own If The Public Will

In a communication to the Boston Herald under date of June 15th Dr. W. A. Hutton of Melrose, Mass., writes of some important medical facts stated in a paper by Dr. Channing Frothingham before the recent meeting of the Massachusetts Medical Society and the Editor of the Herald is indebted to Dr. W. G. Webber of Northfield for calling our attention to it. The whole argument contained is stated briefly in the fact that the family doctor, of the good old days is to return and that the household will sustain a closer relationship to the physician.

"The cost of medical and surgical care rests to my mind, entirely upon the public themselves. So long as they pass by the door of the well trained general practitioner, and seek the so-called specialist, where the sky is the limit in charges, then just so long will their opportunities for complaint continue."

"It has been my experience that generally speaking, the man in general practice is well trained, sincere and responsible."

It does not appear to be understood by the laity that much better work in general is done by the very man who may be next door to him and furthermore, that should the occasion arise where special knowledge or skill is required, the physician first consulted will be the very first to recognize his own limitations and request advice.

Moreover, the family physician knows far better than the patient or the friends of the patient, just where to seek the soundest advice, and by virtue of his friendly guidance can balance the scales in such a way that from the fee standpoint the specialist is happy, and the patient is protected from all exploitation.

In common language it is foolish in the extreme for the public to get away, in any way, at any time, from the well-trained man in general practice. No doubt the desire to talk big at social gatherings controls the patients' acts, as much as their belief that they are going to be more secure or get better service. A patient is never more secure than when in the hands of his or her well-trained, honest, general practitioner.

The question is not one of reform within the medical profession. On the other hand, it is one entirely of reform on the part of the laity. If the public wants good service, supplied by well-trained men, at a reasonable cost, then the answer is plainly that of employing such men.

Last Issue Out

Record Christian Work

The final issue of the Record of Christian Work is out and in the hands of its subscribers. It is a splendid magazine with its contents filled with religious news and sermons and addresses delivered at Northfield. The Editor Mr. A. F. Pitt uses a page to say a farewell message and to commend the new magazine with which it is to be merged. On the cover is a good likeness of Mr. D. L. Moody in front of the Auditorium.

For fifty-two years this monthly has carried the story of Northfield activities to the world. To thousands of homes it has gone each month to continue the inspiration of the schools and conferences. It was founded by Mr. Moody to give to the world the Northfield idea and interpret the progress of the evangelist and missionary enterprises. The editor of recent years, A. F. Pitt has made it a magazine of continuing power.

The new magazine will be known as Church Magazine and Record of Christian Work and will, in a most unique way, give the English-speaking world a religious journal covering both methods and expository material.

Suffered Auto Crash

Mr. Richard L. Watson of Mount Hermon and his daughter were badly injured in an automobile crash at Athol last week end. Mr. Watson was returning home with his daughter and as they were about to enter the main highway No. 2 from the Petersham Road near the fair grounds, they were struck by a fast moving New York car, the driver, a woman, having changed her direction. She was heading to take the Worcester Road and intended to go to Boston. The car Mr. Watson was driving was badly stove in and he suffered some fractured ribs, while Miss Watson was badly cut about the face. The responsibility rests it is said with the driver of the New York car. Mr. Watson and his daughter are being cared for at their home at Hermon and the damaged car was brought to Northfield for repairs.

Locals

This is a year of graduations for the families of Clayton Glazier, Norman Miller, and Grace McGowan for all brothers and sisters in those families are graduating somewhere this year.

Among the many beautiful places of landscape garden is the one of Mr. and Mrs. Clyde Matern of Highland avenue. After the erection of their new home they set about to improve the grounds and the "hollow" in the forward part has been completely transformed into both a rock and sunken garden. With its flowers, stone steps, bird bath it is a place worthy of a visit and many favorable comments have been heard.

Next year's senior class of Northfield High School promises to be a record class for size since it now has 29 members.

The annual picnic of District No. 3 Sunday School will be on Monday, July 3, at Packard Heights. They will leave at 10 o'clock. There will also be immersion service in the afternoon.

AMERICA!

My country, 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the Pilgrims' pride,
From every mountain side
Let freedom ring.

My native country, thee,
Land of the noble free—
Thy name I love;
I love thy rocks and rills,
Thy woods and templed hills;
My heart with rapture thrills
Like that above.

Let music swell the breeze,
And ring from all the trees;
Sweet freedom's song;
Let mortal tongues awake,
Let all that breathe partake,
Let rocks their silence break—
The sound prolong.

Our fathers' God to thee,
Author of liberty,
To thee I sing;
Long may our land be bright
With freedom's holy light;
Protect us by thy might,
Great God, our King.

Was Speeding Some

Speeding on the French King's Highway was a costly matter for Felix Sylvester of Mount Hermon on Sunday. According to police Sylvester stepped on the gas to pass a car of Herbert Merritt of Turners Falls but instead side-swiped it tearing off its wheels and one of his own. It is said that Sylvester's car slid 111 feet on the hub dragging before stopping. In district court at Greenfield Monday morning Judge Ball found him guilty and he was fined ten dollars.

WORDS OF COMFORT

I HAVE BLOTTED OUT
as a thick cloud,
THY TRANSGRESSIONS,
and, as a cloud, thy sins.
Isaiah 44, 22.

He hath not dealt with us
after our sins;
nor rewarded us
according to our iniquities.
For as the heaven
is high above the earth,
SO GREAT IS HIS MERCY
toward them that fear Him.
As far as the east is from
the west,
so far hath He removed our
transgressions from us.
Psalm 103, 10-12

Congregational Church

The regular services of the Congregational Church will be as usual on Sunday morning. At 10 o'clock the Sunday school will meet and at eleven o'clock the church service with preaching by the pastor will be held. The choir will be under the direction of Prof. I. J. Lawrence. The evening service will be at eight o'clock.

South Church Notes

The First Congregational Unitarian Church of Northfield is to be favored specially during July by a visit from some of the leaders of "The Mission Brotherhood, A Liberal Preaching Order." At 10.45 o'clock Sunday July 2nd, Dr. Horace Westwood, Brother Director of the Mission Brotherhood, will conduct a preaching service to which all people are invited to attend.

Following Dr. Westwood on July 9 will come the famous Rev. Frederick Griffin, D.D., of Philadelphia, who did such a magnificent piece of work at the recent Unitarian General Assembly in Boston, in the interest of the proposed Free Church of America—now in process of forming.

All persons who are interested in the spiritual trend of our times will want to hear and meet these visiting leaders of religious thought.

Persons will persist in wanting to be married on Saturday and wanting also to have their favorite minister perform the ceremony. Hence Dr. Frank Oliver Hall of New York City, who was scheduled to preach in our local Unitarian Church, this Sunday morning at 10.45 o'clock, has had to cancel his engagement to come here, and remain in New York to make at least two persons happier. However, since that is his life mission, Dr. Hall will preach here one Sunday during July and make us all happy to hear him again.

Rev. Robert Raible of Greenfield occupied the pulpit of the Unitarian church last Sunday in exchange with Rev. Mary Andrews Conner, who preached in Greenfield.

It was not reported last week for the South Church that there were three children Christened on Sunday, the 18th, as follows: Clarence Allen, David Welton and Mary June, children of Mr. and Mrs. L. A. Randall.

Christian Endeavor

At the last regular meeting it was voted that the Christian Endeavor society would meet on those Sundays on which there was a morning service in the church. In view of this fact there will be a meeting in the Young People's room Sunday evening, July 2 at the usual hour, seven o'clock.

This meeting will be led by Richard Buffum and Sidney Marcy. Both of these young men graduated from Wheaton Academy this month and have been very active in young people's work there. We are very glad of the opportunity to have them take charge of this meeting.

All the young people of the community are cordially invited to attend. A special invitation is extended to conference employees and summer guests in Northfield.

Don't forget the place—Congregational Church—the time, 7 o'clock. Let's all come and support these young men.

Summer Sunday School

The first session of the summer Sunday school at the Trinitarian Church was held last Sunday at 9.30 a.m. There were 40 present. Sidney Given, superintendent, appointed Dorothy Wright as secretary and Genevieve Alexander as pianist, while Mrs. Franz George, Mrs. Sidney Given and A. P. Pitt taught classes.

Sessions will be held every Sunday at the same hour except on July 2 and 16, when the regular church schedule will be observed, as there is to be no conference in session. The summer school closes at 10.30 a.m. to allow time to get to the service in the Auditorium.

For Episcopalians

Northfield friends are advised that during the summer services will be held at St. James' Episcopal Church, Greenfield, every Sunday at 8 and 10.45 a.m. The preacher will be the Reverend Worcester Perkins of the Church of Holy Communion in New York.

Wright had charge of the arrangements and an invitation was extended to the choir to give another concert next year.

The Church Picnic

The Trinitarian church picnic organized jointly by the Brotherhood and the Sunday school was successfully held Thursday of last week at Packard's Heights. This place, which was new to most of over 200 persons who attended, proved to be a charming location. The picnic grounds are in a pine grove on the shore of a sizable lake. There is also a large open field for baseball. The afternoon hours were spent in swimming and boating, baseball and barnyard quoits. The weather was ideal, and every one had a good time.

The committee in charge consisted of Charles Mayberry, Lawrence Lazelle and Lester Polhemus. Packard Heights is about 18 miles from Northfield and four miles north of Athol.

Opportunity

It is a pity more people do not take advantage of the present low prices of securities. There is infinitely less risk in buying today than at any time in the last fifteen years. We have prepared a list of securities in which we believe there is more than average opportunity to profit.

EDITORIAL

The making of a newspaper means something more than filling space in its columns. It means putting into print the news in which our subscribers and our public will find the greatest amount of personal interest. Being an Editor means something more than supplying the copy for the typesetting machine. It must mean some personal ability and understanding of just what is our reader interest and an interpretation of what is news and what is not. To this end the Herald and the Editor pledges itself to serve the people of Northfield and this vicinity and also those to whom Northfield links itself indelibly in pleasant thoughts and kindly memory.

School's out! Thousands of children all over the country are pouring forth from the classrooms to spend their days out of doors during the summer months. It's time for motorists to be more alert than ever — unless they are, many of these children will be injured or even killed as they traverse the streets and highways to fields and playgrounds. Give these youngsters the right of way; drive slowly and cautiously through residential districts; and watch out for the child who darts out from behind a parked car. Every daylight hour should be a safety hour now that school is closed.

Independence Day of old was celebrated with reckless abandon. Hundreds of persons of all ages lost their lives playing with fireworks, guns and explosives. Others were drowned or killed in motor accidents. Now, the Fourth divides catastrophe "honors" with almost any week-end; except by virtue of the ceaseless efforts of safety organizations and accident and fire prevention workers, it is apt to be a shade safer. This is because people are keyed to its imminent hazards. They are safety conscious.

Poet's Corner

LOVE

Let me but love my love without disguise,
Nor wear a mask of fashion old or new,
Nor wait to speak till I can hear a cue,
Nor play a part to shine in others' eyes,
Nor bow my knees to what my heart denies;
But what I am, to that let me be true,
And let me worship where my love is due,
And so through love and worship let me rise.
For love is but the heart's immortal thing,
To be completely known and all forgiven,
Even as sinful souls that enter Heaven;
So take me, dear, and understand my worst,
And freely pardon it, because confessed,
And let me find in loving thee, my best.

Henry van Dyke

THE LITTLE HOUSES

We have builded many things,
Fashioned many wonders,
Scythes and plow and saddle-tree
and hunting knife and spear;
We have wrought for glory and
for beauty and for pleasure
And have builded little houses for
the women we hold dear,
All along the highway there are
little houses,
Pleasant in the sunlight, peaceful
in the rain;
You may see the folk go forth early
in the morning
And at dusk returning home along
the lane.

We have fashioned Zeppelins and
bayonets and cannon,
Launched our dreadnoughts on the
sea, a terror to the deep;
Yet, God be our witness, we have
builded little houses—
Little peaceful homes where the
little children sleep.
Some are set in gardens, lawns
and trees about them,
Some are crowded wall to wall
along the city street;
But in town and country God has
blessed the little houses
With the laughing eyes of women
and children's romping feet.

We have molded for ourselves
telegaphs and tunnels;
Builded bridge and barrack-room,
derrick, dock and gun;
But for love of women we have
builded little houses,
Pleasant in the shadow and peaceful
in the sun.
All the world over there are little
houses,
Silent in the starlight shining in
the dew;
There, with children's laughter and
the loving hearts of women,
God, the Mighty Builder, builds
this world anew.
